1. It has been announced that the Forst-Guben railroad line has been completely restored as single-track and was opened to traffic on 4 April 1951.
2. A detour line, intended to relieve the direct Cottbus-Guben line, is now under construction. Near Forst, on the Cottbus-Forst line, this relay stretch curves to the north and joins the Forst-Guben line approximately at Bulo, thus bypassing Forst.
